Our USP

How We Work

Product to Offer

## ABOUT VEDANT ORGANICS

*A wholesome existence cannot be achieved without reuniting with the force of nature. Mother Earth is the biggest provider of health, wellness and fortune; one must embrace her bounties to fully thrive. Let us return to the miracles of earth and let nature unleash its magic on us"*

---

Living in an era represented by an increasing number of concrete jungles and depleting treasures of natural resource, we were forced to pause and revive our sensibilities and ponder about sustainable growth. To reinforce the principle of natural living, we bring to you our range of organic products and related services..

Situated in Firozabad (only 40 Kms away from Agra - the city of Taj), we are an exclusive private labelling company with immense knowledge and experience in manufacturing, quality controls and innovative designing. Our rich experience helps us in ensuring that the products brought to you are 100% chemical free. From procuring 100% genuine and certified products from farmers to packaging, we carry out every task carefully and organically. Our aim is to provide completely organic food to consumers while nourishing the ecosystem with eco-friendly methods.

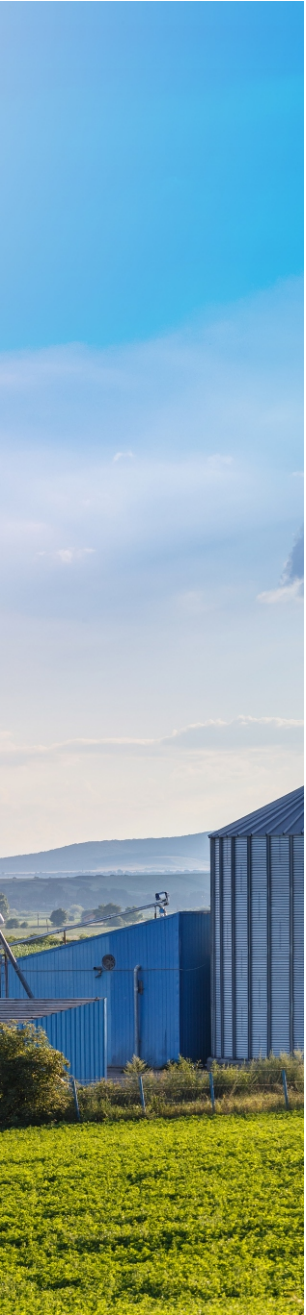

## SPECIALIZATION

*Imbibing the principles of authenticity, purity and wholesome wellness in the society is a process of seamless integration of like-minded visionaries who regard nature to be above all interests*

---

In order to enable easy availability of pure and organic food products, we, at Vedant Organics, extend our support and assistance to those who share our vision of growing sustainably with nature. Our goal is to spread health and wellness while maintaining ecological balance through a constant supply of quality assured products.

We offer **“PRIVATE LABELING”** services wherein we provide your organization with organically grown products cultivated under our surveillance. From farming to packaging, we perform every function with utmost care and as per our principles of authenticity and purity. We also develop need-based processed organic food. We help you achieve your goal of providing organic products at competitive cost and zero hassle.

## OUR USP

### PROCESSING

Experts from our team employ latest technologies with careful precision to process the sorted products.

### PACKAGING

We utilize material like PP Bags, Corrugated Cartons and multi-war paper bags with food grade poly-liners to keep the flavours and oil

### QUALITY ASSURANCE

Our identity is our commitment to strict quality measures. We ensure that only the purest and the finest products reach the customer base.

### ON-TIME DELIVERY

Our reputation is the result of our dedication to providing our clients with the best product promptly and always timely.

### FAIR PRICE

Baring the oscillation in the market, we're known for always providing products at the best competitive prices to our clients

## SORTING

We begin with sorting high-quality produce from the material procured from 100% organic farms or agro-based companies.

## CLEANING

Furthermore, we clean the sorted material to ensure that our products are of supreme quality.

## DESTONING

The next step is to remove stones and other unnecessary materials from grains and cereals.

## ROASTING/STERILIZATION

The products are then roasted to enhance the aromas and are infused with beneficial nutrients.

HOW WE

WORK

## GRINDING

After roasting and sterilization, products are grounded and blended to bring out their fine quality and distinct flavours

## LABELLING

After the stages of quality check, products are then labelled as per their categories and brand.

## PACKAGING

Lastly, they are carefully packaged so that their oils and aroma remain intact and then they're dispatched

## SHIPPING

Finally, they're shipped to their final destination

## ORGANIC CEREALS & GRAINS

---
